

Mission Statement

The AIDS epidemic is a crisis of staggering proportions — 300,000 people have died and 1,500,000 people are believed to be infected in the United States alone. In Wisconsin, more than 1,800 people have died while 3,000 AIDS cases have been reported since 1981. Another 20,000 Wisconsin residents already infected will progress to AIDS if effective treatments aren't found.

In the face of the devastation caused by AIDS, ACT UP is radically committed to the value and preservation of human life. ACT UP Milwaukee is a diverse group of individuals united in anger and compassion and committed to direct action to end the AIDS crisis. Where possible, we work within traditional channels to resolve this crisis. However, when such channels prove nonproductive, we reserve the right to use any and all tactics of direct nonviolent protest and accept the consequences. We act and are not silent.

Goals

- ACT UP is first and foremost committed to the lives of people with HIV. AIDS has struck all communities and AIDS activism must reflect this.
- ACT UP insists that all levels of society and government mobilize to meet the scale of the AIDS crisis.
- We fight for effective, coordinated research; release of safe experimental treatments; and ultimately, a cure and a vaccine. To deliver the fruits of AIDS research to all in need, we recognize the need for universal access to health care regardless of a person's ability to pay, gender, race, culture, sexual orientation, (perceived) HIV status, or religion.
- We raise issues to educate and inform people by making the problems of the AIDS crisis more visible. To halt the spread of AIDS we also demand better culturally-specific, non-judgmental, sex-positive education about the modes of HIV transmission. We work to eliminate discrimination and misunderstanding directed at people with HIV.

Join us and be a member of ACT UP Milwaukee. We meet every second and fourth Monday at 7:00 pm at the Milwaukee AIDS Project (820 N Plankinton Ave). If you are tired of the unjust reaction to the AIDS crisis and want to fight back, call us.

THERE IS SOMETHING YOU CAN DO TO HELP!

The AIDS Coalition To Unleash Power is a diverse group of individuals united in anger and compassion, and radically committed to direct action to end the AIDS crisis.
